

## Demonstration at Maisonneuve-Rosemont Hospital

On July 31, two members of the FIQ Executive, Daniel Gilbert and Éleine Trottier, lent a hand to one of the FIQ's affiliated unions, The United Health Care Professionals (PSSU-UHCP), to put pressure on the administration of Maisonneuve-Rosemont Hospital in Montreal. The aim was to put a stop to compulsory overtime when care professionals are on the verge of exhaustion. Many of them demonstrated outside the hospital to show their dissatisfaction.

Léger, President (PSSU-UHCP) and Johanne Riendeau, Political Vice-President (PSSU-UHCP).*

## Pride Celebrations in Montreal

On August 17, for the second time, the FIQ participated in the Pride Celebrations parade in Montreal. Under a sunny sky, Daniel Gilbert, 2<sup>nd</sup> Vice-President and Brigitte Fauteux, 3<sup>rd</sup> Vice-President, represented the FIQ in the parade contingent. For the FIQ, this festive occasion is a reminder of the importance of continuing the struggle against all forms of discrimination, particularly that based on sexual orientation.

## The end of a long conflict

After a 16-month lockout, the Journal de Québec employees returned to work this week. The struggle waged by the 252 union members was remarkable and the FIQ salutes their courage and determination.

## Headquarters move

The FIQ headquarters will move on August 22.
